<p>I have now been living in Hobsonville Point for 4 years with my wife Sandy. We feel like a family invasion now with our two sets of parents, three grown sons and partners and two grandsons all living in the hood. Four generations loving what HP has to offer!</p> <p>I have a background of senior management roles in a number of companies before buying my own franchise business with Hire a Hubby 8 years ago. I am a pragmatic and objective person who understands how the property and development market works and I bring sensible decision-making skills to this committee.</p> <p>I have been on the committee for the past 2 years and would like to serve for the next term as I have a particular passion for seeing us enhance the landscape maintenance in the area.</p>	<p><input type="checkbox"/> For</p> <p><input type="checkbox"/> Against</p> <p><input type="checkbox"/> Abstain</p>

<p>After moving to the Point in mid-2017 I stood for the committee in October of that year and have been a member ever since. Living here is great! I have focused mostly on community liaison, working with others in supporting the newly established grants fund and the upcoming opening of Chichester Cottage, writing the HPRS newsletter and helping to run the Society's website and Facebook page. I have commissioned gardening maintenance around the area and organised the distribution of garden waste flexibins for residents' use. I also helped create this year's Winterfest and aim to support more future events to serve the cause of building even better community spirit.</p>	<p><input type="checkbox"/> For</p> <p><input type="checkbox"/> Against</p> <p><input type="checkbox"/> Abstain</p>

<p>I have been living in Hobsonville Point with my wife and two of our four adult children since February 2018. We all love living here with the beautiful coastal environment and the vibrant community spirit. One of the reasons for our decision to move to Hobsonville Point was to be part of a strong community that supports each other and the environment around them. I can think of no better way to be part of the community than to offer my time to be part of the Residence Committee.</p> <p>I have a strong background in operational management, not for profit management and board governance including post graduate qualifications in Not for Profit Management and I am a registered electrician. I am currently employed as the Chief Executive for a media organisation operating TV and radio networks across NZ.</p> <p>I look forward to many happy years living on the point and to the possibility of supporting the community through being part of the Residence Committee.</p>	<p><input type="checkbox"/> For</p> <p><input type="checkbox"/> Against</p> <p><input type="checkbox"/> Abstain</p>

<p>In my humble opinion, beautiful Hobsonville Point is in its infancy and with good governance we could evolve to be a world class vibrant connected community. Since moving to Hobsonville Point almost 1.5 years ago, and residing in Bernoulli Gardens with my husband and two preschoolers, we have grown to love our compact lifestyle.</p> <p>Currently I'm the treasurer of the Bernoulli Gardens committee, and already work behind the scenes for HPRS, as the communications producer for the newsletter and website. Recently I was handed the Catalina water park shade sails project to complete, and last season I co-produced the inaugural Winterfest with Lindsey Dawson.</p> <p>I'm no stranger to committees and building communities because I was the Albany Community Coordinator. My budget came from the Upper Harbour Local Board so I understand our important stakeholder relationships. Since moving to Hobby Point I established Wriggle & Rhyme for mums and I genuinely enjoy being our community at one of our beautiful parks meeting like-minded residents. Originally from Wellington but I consider myself a global person as I've lived in many cities like China, Thailand, London and Sydney.</p> <p>As a business owner my background is in tourism, communities, marcomms and events/festivals. If I was on the HPRS committee I'd contribute more so please consider me as a solid option to represent you.</p>	<input type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain

<p>Tena koutou neighbours, I am putting my name forward for the HPRS Committee because I would like to make a meaningful contribution to making the Hobsonville Point community the best place to live in Auckland.</p> <p>A brief bit about me. I am a lawyer working in the city specialising in public law and Crown prosecution. I have a smattering of governance experience, including on the council of a University and as chairperson of the charity Student Job Search.</p> <p>I have lived at the Point for 3 years with my wife Arena – during which time we have been joined by our son (2 years) and have one more on the way (T minus 3 weeks!). I am passionate – maybe even evangelical – about our wonderful community. I want to see the masterplanned medium-density model succeed and thrive.</p> <p>HPRS has an important role in advocating for our community. My priorities in this area are confirming the retention of Bomb Point / Onekiritea, improving the ferry & other public transport links and ensuring an outstanding development at Catalina Bay (including delivering on the masterplan commitment for a new marine recreation centre). I also want to see HPRS continue to support high design standards, as well as great local events and tidying-up our streetscape.</p>	<input type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain

<p>I have enjoyed living at Hobsonville Point since January, joining various groups, and my husband Tony and I love the lifestyle after living/raising a family in Massey. I have worked in senior management positions in community and business organisations in Norwest Auckland for many years. I also have extensive governance experience, currently with Massey Matters and Triangle Park Community Garden. I am keen to get involved and help make this area an even better place to live, work & play - I have some ideas but I want to hear from others too!</p>	<input type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain

<p>I was delighted to move into my new home with my family in Hobsonville Point in early 2019, after 4 years of axis home Ballots and building. Having waited so long to get in we have quickly become part of the community; as a keen member of the board games club, a plot holder in the community garden and being the proud dad of a unicorn princess at the sparkle parade.</p> <p>I work coordinating short courses at Massey University in Albany and also have governance experience as chair of the Friendship House Trust board, having been a trustee for over three years. I am a strong believer in the valuable example Hobsonville Point is giving as a modern, sustainable, safe, multicultural community, great for people of all ages including young families. I am 100% committed to keeping Bomb Point a reserve for the community and fully support the community's impressive efforts to boost the Point's public transport access.</p>	<input type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain

<p>I moved to New Zealand 23 years ago from the United States for a safer more relaxed life. Have a BA in political science from Maryland university and worked for a number of non-profit organisations that include Amnesty and Auckland Refugee Council as an advocate. One of the biggest joys in life for me is nature and I am passionate about preserving the joy it gives us by caring and protecting it. Living in a high density area isn't new to me and I love this community and believe this is the future of many cities. Because of my love for this place I vision a clean, very green and happy environment to flourish in.</p> <p>Previously I lived in Remuera but never felt part of a community. I'm outgoing, direct, a go getter and very personable. I feel blessed with many friends from all walks of life and of different races, colors and religions. For me, Hobsonville Point is the only real home I had since I made this land my home and I intend to help make it a better and safer place.</p>	<input type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain

<p>My wife and I purchased a home in Hobsonville Point a few months ago. We love it here and intend to stay here for many years. We have 3 adult children, 2 of whom also live in their own homes in Hobsonville Point.</p> <p><u>What do I hope to achieve as member of this committee?</u> I would like to work with the other members of the committee and the local council boards to improve public transport options for residents of Hobsonville Point.</p> <p>I believe that it is time for the rules to be reviewed and updated to suit the needs of the community. I would like to ensure that any review process consults widely with the owners and residents so that the outcome suits the needs of our members.</p> <p><u>What do I bring to the table?</u> A strong combination of work experience, membership of governance committees/boards and voluntary work, as outlined below.</p> <p>I have over 20 years of internal audit and risk management experience working for financial services companies. I also have over 10 years of experience in IT Development as a computer programmer, systems analyst and project manager.</p> <p>I am a member of the Governance Committee (up for re-election in October) for a local charity that aims to help people with financial challenges, have been a Treasurer on a number of committees and held the Finance Portfolio on a large local Body Corporate committee. I have also done a variety of other voluntary work to support charities like the Child Cancer Foundation and the Auckland Rescue Helicopter Trust (aka Westpac Chopper).</p>	<input type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain
